Zerbach & Company advises Cannaveg Pharma GmbH on the sale of a minority stake to two South German entrepreneurial families

Oldenburg, November 2022

Accompanied by Zerbach & Company Corporate Finance GmbH ("Z&C"), Cannaveg Pharma GmbH, Oldenburg ("Cannaveg"), has taken two southern German entrepreneurial families into the circle of shareholders as part of a financing round, which will support the further growth of the company in the long term.

Cannaveg is an independent wholesaler in the field of medical cannabis and exclusively imports medical cannabis according to the highest quality standards and GMP certification for distribution through selected pharmacies.

After accompanying the family office PHK Enterprise in its investment in DEMECAN, the only German producer of medical cannabis, in 2020, this is already the second successful transaction of Zerbach & Company in the still young German cannabis market.

The capital raised will be used to expand the existing business in the medical cannabis sector as well as to expand activities in preparation for the upcoming legalization of cannabis for recreational purposes in Germany.

Dr. Lars Junc, Partner in charge at Zerbach & Company, explains: "We are very pleased that we were able to make an important contribution to the further successful growth of Cannaveg with our industry experience and our investor network and thank the entire team for the good cooperation.
