

### Zerbach & Company celebrates its 10th anniversary

Zerbach & Company Corporate Finance GmbH celebrated its 10th anniversary with a big party in the unique ambience of the historic Künstlerbahnhof Rolandseck, with a wonderful view of the Rhine and the Siebengebirge mountains.

In the company of numerous business partners, (former) clients, friends and family members, the Z&C team was not only able to look back together on the milestones of its successful corporate development, but also used the evening to thank its companions for their support and joint work.

In his welcoming speech, Leander Zerbach emphasized the value of these reliable partnerships, some of which have existed for many years, which form the foundation for further development, healthy growth and the success of a company, especially in challenging times.

In addition to culinary delights, the evening offered the opportunity for interesting discussions and encounters in a relaxed and literally "magical" atmosphere. The internationally award-winning magician André Desery enchanted the guests with close-up magic and caused great amazement, laughter and disbelieving faces at the tables.

We look forward to the next 10 years!
